

TIMSS and PIRLS 2011 Description of the TIMSS and PIRLS 2011 Data Files

The TIMSS and PIRLS 2011 data files contain information on the performance of students in mathematics and reading. The data files are organized into several tables, each containing information on a different aspect of the assessment. The tables are organized into two main sections: TIMSS 2011 and PIRLS/PIRLS.

TIMSS 2011 - Mathematics and Science PIRLS/PIRLS

The TIMSS 2011 data files contain information on the performance of students in mathematics and science. The data files are organized into several tables, each containing information on a different aspect of the assessment. The tables are organized into two main sections: TIMSS 2011 and PIRLS/PIRLS.

The TIMSS 2011 data files contain information on the performance of students in mathematics and science.
